DIRECTOR OF CENTRAL INTELLIGENCE  
Committee on Imagery Requirements and Exploitation  
Washington, DC 20505

1 0 OCT 1985

MEMORANDUM FOR:

[REDACTED]  
Chairman, Strategic Arms Monitoring Working Group

25X1

FROM:

Mr. John W. McLauchlin  
Chairman, Operations Subcommittee of COMIREX

SUBJECT:

NPIC Reporting on Chemical and Biological Facilities

25X1

REFERENCE:

Your Memorandum to Director, NPIC, dtd 20 August 85,  
Same Subject

1. I noted with interest the referenced memorandum, and was pleased to see your continued active role in expressing requirements for imagery intelligence (IMINT) exploitation and reporting. These requirements have also been reviewed and approved by the Operations Subcommittee (OPSCOM) Standing Requirements Working Group (SRWG) and tasked to NPIC for periodic national exploitation and reporting. [REDACTED]

25X1

2. Currently, the OPSCOM/SRWG is conducting a complete review of all national intelligence problems and their related IMINT requirements. This review includes a group of Intelligence Community analysts and imagery requirements managers organized specifically to identify and coordinate all

[redacted] associated with the chemical and biological warfare (CW/BW) problem. This group is chaired by Mr. Robert Zitz, (Department of Army, secure 38-4631) and includes representatives from CIA, DIA, Army, Air Force, Navy and NPIC. The group plans to complete its review of CW/BW requirements on or about 28 October 1985. Subsequently, these requirements will receive full Community review and final coordination through the SRWG and the OPSCOM. [redacted]
